

CSE7302 - INTERNSHIP
Review-3 Presentation
A Unit of Test Yantra Software Solutions(Robowaves)

Student Details	
Name	THANUSH G GOWDA
Roll No	20221COM0088
Section	8COM01

Under the Supervision of,

Dr. Murali Parameswaran
Associate Professor
Presidency School of CSE
Presidency University

Name of the Program: Computer Engineering (AIML)

Name of the HoD: Dr. Gopal Krishna Shyam

Name of the Program Internship Coordinator: Mr. Srihari TM

Name of the School Internship Coordinator: Dr. Md Ziaur Rahman

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Content

- **About Company or Organization**
- **Working domain or the technology**
- **About your team and reporting Manager**
- **Challenges Faced in Internship**
- **Objectives of the work**
- **Literature Review**
- **Proposed System**
- **Problem Statement**
- **System Requirements**
- **Advantages of Proposed System/Work**
- **System Design**
- **System Implementation**
- **Internship Roadmap**
- **Github Link**

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

About Company or Organization

- **Test Yantra Software Solutions (India) Pvt. Ltd.** is a leading global software testing, quality engineering, and technology services company.
- Founded in **2004**, the company is headquartered in **Bangalore, India**, and serves clients across multiple countries.
- Test Yantra focuses on delivering high-quality IT solutions by combining domain expertise, innovation, and industry best practices.

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

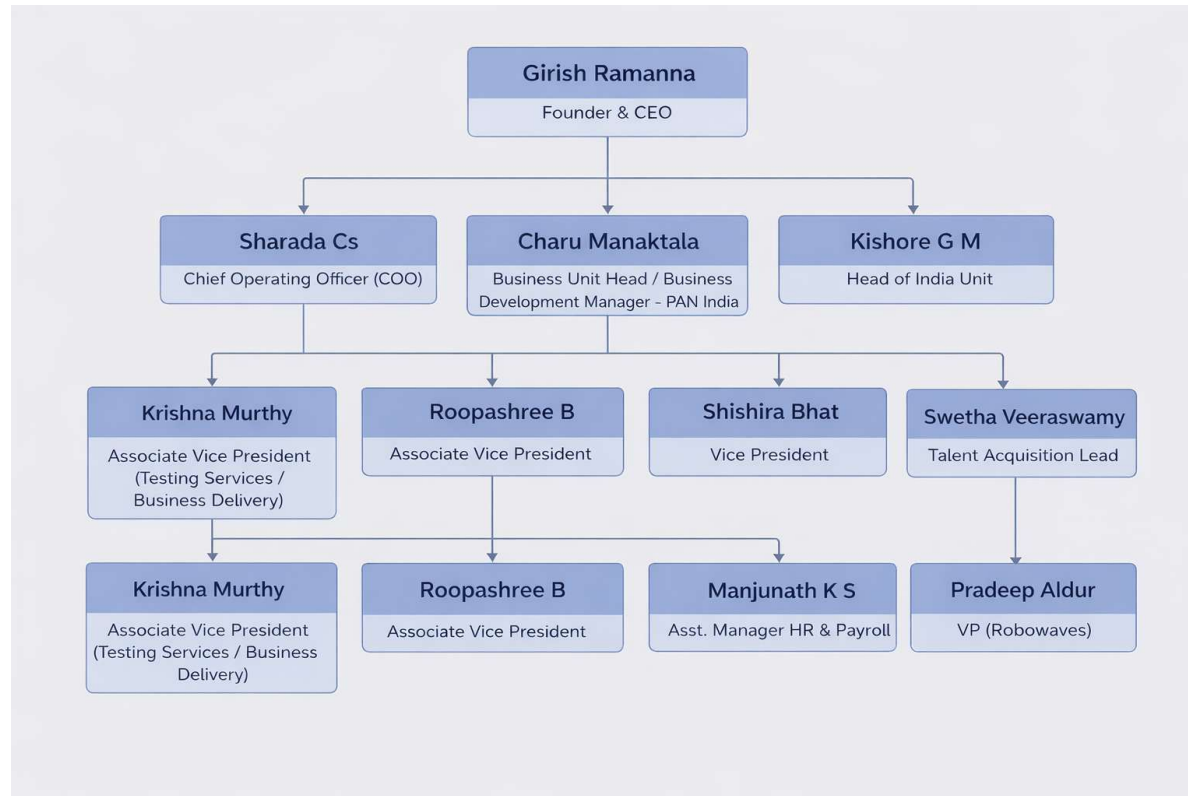

About Company or Organization

Test Yantra offers a wide range of IT and quality engineering services, including:

- Software Testing & Quality Assurance
- Automation Testing & Performance Testing
- Digital Transformation Services
- Application Development & Maintenance
- Corporate Training & Skill Development

About Company or Organization

Working domain or the technology

Domain : Web Technology

Technologies:

- HTML
- CSS
- Javascript
- ReactJS

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

About your team and reporting Manager

- During my internship at **Test Yantra Software Solutions**, I worked as part of a **Web Technology team**.
- The team consisted of a **Reporting Manager/Mentor**, team leads, and interns working collaboratively on assigned tasks.
- Each team member had defined responsibilities, and the work environment encouraged learning, communication, and teamwork.

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Challenges Faced in Internship

- Searching for Internship
- Cracking the Interview
- Adapting to the Corporate Environment
- Understanding Real-Time Projects
- Team Coordination

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Objectives of the work

- To apply theoretical knowledge of **Web Technology** in real-time projects
- To understand the complete web development workflow
- To improve coding standards and problem-solving skills
- To gain hands-on industry experience during the internship

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Literature Review

The study mainly focused on:

- Basics of web development and client–server architecture
- Frontend technologies like **HTML, CSS, JavaScript, ReactJS**
- Concepts of responsive design and user experience
- Overview of backend integration and database connectivity
- Industry standards, coding practices, and security considerations

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Proposed System / Work

The proposed system focuses on developing a **web-based application** using modern web technologies to provide a user-friendly and efficient solution.

The proposed work includes:

- Designing responsive web pages
- Implementing structured layouts using HTML and CSS
- Adding dynamic behavior using JavaScript
- Integrating frontend with backend logic (where applicable)

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Problem Statement

The problem is to improve user experience by designing a responsive frontend using modern web technologies.

There is a need to design and develop a **responsive, user-friendly frontend interface** using modern web technologies that:

- Improves visual appeal and usability
- Ensures responsiveness across devices
- Provides smooth and interactive user experience

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

System Requirements

Hardware Requirements

- Processor: Intel Core i3 or above
- RAM: Minimum 4 GB
- Hard Disk: 20 GB free space
- System: Laptop / Desktop

Software Requirements

- Operating System: Windows / Linux / macOS
- Web Browser: Google Chrome / Mozilla Firefox
- Code Editor: Visual Studio Code

Frontend Technologies:

- HTML
- CSS
- JavaScript
- ReactJS

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Advantages of Proposed System/Work

- User-friendly and interactive interface
- Responsive design suitable for all devices
- Improved visual appearance and layout consistency
- Faster user interaction and better experience
- Easy to use and navigate
- Reduces complexity for end users
- Scalable and easy to enhance in the future

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

System Design

- The system design describes the overall architecture and structure of the web application developed during the internship.
- The application follows a **client–server architecture** where the user interacts with the frontend through a web browser.
- The frontend is developed using **HTML, CSS, JavaScript, and ReactJS** to create responsive and interactive user interfaces.
- The browser sends requests to the application logic and processes user inputs.
- The system ensures smooth navigation, responsive design, and efficient user interaction.
- The architecture is designed to be **modular, scalable, and easy to maintain**.

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

System Architecture Flowchart

System Implementation (At least 50%)

The system implementation phase focuses on developing the frontend interface using modern web technologies.

- Developed responsive web pages using **HTML and CSS**.
- Implemented interactive features using **JavaScript**.
- Used **ReactJS** for building reusable UI components.
- Applied responsive design techniques to ensure compatibility across multiple devices.
- Implemented user-friendly navigation and optimized UI performance.
- Tested the application to ensure proper functionality and responsiveness.

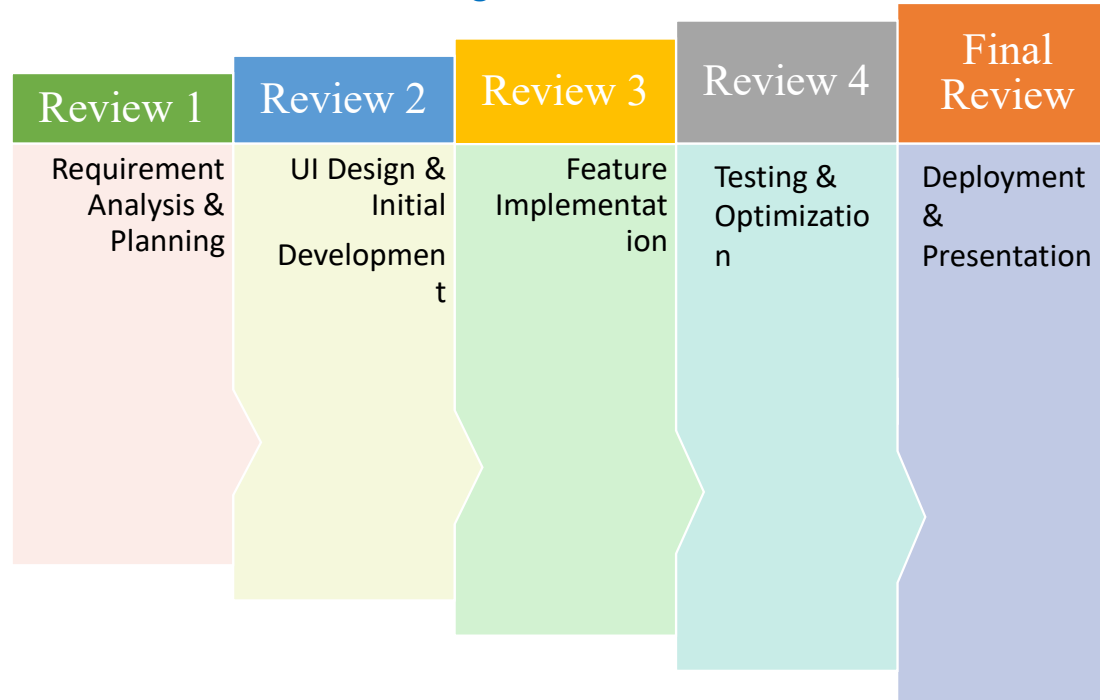

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Internship Road Map

Note: Write in the below table what u will be achieving in each review

PRESIDENCY UNIVERSITY

Presidency University Act, 2013 of the Karnataka Act No. 41 of 2013 | Established under Section 2(f) of UGC Act, 1956
Approved by AICTE, New Delhi | Approved By BCI
Bengaluru

Internship Road Map

Review 1 – Requirement Analysis & Planning

- Understanding the project requirements and objectives
- Studying the basics of **Web Technologies (HTML, CSS, JavaScript)**
- Setting up development environment (VS Code, Browser, GitHub)
- Learning about **client–server architecture**
- Planning system design and workflow

Review 2 – UI Design & Initial Development

- Designing the **basic layout of the web application**
- Developing static web pages using **HTML and CSS**
- Implementing **responsive design principles**
- Creating initial UI components
- Testing basic page functionality in the browser

Review 3 – Feature Implementation

- Adding **dynamic behavior using JavaScript**
- Developing **React components for UI structure**
- Implementing event handling and interactive features
- Improving UI responsiveness and user experience
- Debugging and fixing errors

Internship Road Map

Review 4 – Testing & Optimization

- Testing the application for functionality and responsiveness
- Improving performance and UI consistency
- Fixing bugs and optimizing the code
- Improving navigation and usability
- Preparing project documentation

Final Review – Deployment & Presentation

- Final testing and debugging
- Project refinement and improvements
- Uploading project code to **GitHub repository**
- Preparing internship documentation and presentation
- Final project submission and evaluation
